## Format & Scoring

1. Riders will be judged in a FREERIDE format only. Features may be used.
2. Riders will be judged on their equal use of both air tricks and features. Depending on the format of the competition and the quantity of features or possibilities to do air tricks, the weighting may be adapted by the Chief Judge and would be explained in the coming week.
3. Up and down the course 2 times is considered one round. Once you fall that is the end of the round, each run consisting of combinations of inverts, grabs, rotational tricks, and features. Riders may perform any tricks they choose in any order they wish. The best score of the two runs will taken as the end score.
4. Judging of the routine begins when the rider enters the course and ends when the rider exits the course or falls and loses the handle.
5. Competitions systems must be run in automatic mode, the operator is not allowed to slow down for turns or tricks.
6. Judging will be SUBJECTIVE only. There will be no predetermined points for any tricks.

Technical performance = 50 %

(Level and variety of tricks performed = what did the rider perform)

Judges look for the variety and diversity of tricks in a flowing creative sequence. In the judge's eyes, a better rider is one who throws a balanced variety of inverts, spins, heel side, toe side, switch, blind tricks, and handle passes etc., using both air tricks and features.

Impression = 50 %

(Airtime, mastery, style and control of tricks = how did the rider perform)

How impressive was the routine, how big did the rider go? For Slider and Kicker, how controlled and balanced is the rider? The judges look for the degree of effort in each maneuver performed and in the overall run. Does the Rider show his personal style in the trick performed? Is the trick grabbed, boned, tweaked, shifted? Are the tricks landed cleanly? How good is the body position in the air? How long was the trick grabbed? How

good is the approach /cut of the tricks, the flow in the run?

7. Repetition of tricks during one run will not be scored but a rider can repeat tricks from the first run in his second run.

8. Any trick performed outside of the course or using the pull of a deflection pulley will NOT be scored.
